

Autoneum is globally leading in acoustic and thermal management for light and commercial vehicles. The Company develops and produces multifunctional, lightweight and sustainable components and systems for interior floor, interior trim as well as engine bay and underbody. Customers include almost all automobile manufacturers in Europe, North & South America, Asia and Africa. Autoneum is represented in 25 countries, employs around 15 800 people and operates 64 production facilities worldwide. The Company with its headquarters in Winterthur, Switzerland, is listed on the SIX Swiss Ex-change (ticker symbol AUTN).

To complement our Group Risk & Insurance Management team at the headquarters in Winterthur, we are looking for a service-oriented personality for this very exciting and challenging position as

## Risk & Insurance Manager

Switzerland – Winterthur – 100%

### Your responsibilities

- In-house brokerage activities to ensure the accurate assessment, management, and placement of risks
- Manage the tendering, negotiation, and placement of global insurance programs, focusing primarily on Property and Marine
- Evaluate, select, and implement effective risk control and financing strategies to minimize the impact of potential losses
- Lead plant risk reviews and audits, ensuring that recommendations are thoroughly assessed and properly implemented
- Support and advise Legal Units, Management, and other departments on matters related to Risk and Insurance Management
- Handle national and international claims and losses, collaborating with internal and external stakeholders
- Offer EHS and emergency management support for the Corporate Headquarters in Winterthur
- Stay updated on changes in Autoneum’s business and operations that may impact the company’s risk exposure

### Your qualifications

- Bachelor's Degree or similar in Economics, Business Administration or Actuarial Science (additional qualifications in Risk Engineering or Risk Management are an advantage)
- At least 5 years of experience in a similar role
- Ability to think and act strategically, aligning solutions with the company’s goals
- Skilled at working independently with minimal supervision, while thriving in a collaborative, team-oriented environment.
- Excellent analytical skills, with a sharp eye for numbers and technical risk engineering topics
- A curious mindset with a passion for continuous learning, problem-solving, and embracing new processes and cultures
- A friendly, approachable personality with a genuine enthusiasm for fostering a supportive work environment
- Fluency in English and ability to communicate in German required; additional languages are a plus
