

Autoneum is globally leading in acoustic and thermal management for light and commercial vehicles. The Company develops and produces multifunctional, lightweight and sustainable components and systems for interior floor, interior trim as well as engine bay and underbody. Customers include almost all automobile manufacturers in Europe, North & South America, Asia and Africa. Autoneum is represented in 25 countries, employs around 15 800 people and operates 64 production facilities worldwide. The Company with its headquarters in Winterthur, Switzerland, is listed on the SIX Swiss Ex-change (ticker symbol AUTN).

For our Program Management department in Aubergenville (near Paris), we are looking for a

## Program Manager

France – Aubergenville – 100%

### Your responsibilities

- To lead product development programs, to achieve program objectives, to fulfill deliverables and to bring programs to successful conclusions with all targets met (timing, quality, financials)
- To interface with the customer and to give guidance to the cross functional team members.
- To ensure that programs are executed and reported in accordance with required standards.
- To ensure that tasks and deliverables are anticipated with the project team members.
- To define the necessary resources to meet the targets and to develop the program budget accordingly
- To ensure the fulfillment of all the customer specifications (milestones, quality, logistic, packaging, environment...)
- To ensure that the program financial indicators are managed in line with the agreed project request.
- To control expenditures against the approved budget and to belong to the approval process.
- To provide up to date project activity status whenever required by Autoneum organization.

### Your qualifications

- Engineer or university degree in engineering
- Minimum 3 years of experience in program management within the automotive industry, covering product development, manufacturing, or related domains.
- Project management skills and knowledge of methodologies and tools (planning, problem solving...).
- Background in project management financials, P&L understanding.
- Knowledge of French OEM (PSA, Renault Group) appreciated.
- Fluent in English language.
- Leadership, communication and resilience.

If you can fulfil the above requirements, please send your CV and references to:
