

Autoneum is globally leading in acoustic and thermal management for vehicles. The Company develops and produces multifunctional, lightweight components and systems for interior floor and engine bay as well as the underbody. Customers include almost all automobile manufacturers in Europe, North & South America, Asia and Africa. Autoneum operates 67 production facilities and employs around 16100 people in 24 countries. The Company with its headquarters in Winterthur, Switzerland, is listed on the SIX Swiss Exchange (ticker symbol AUTN).

For our global Functional Substrates and New Applications department within the centralized Research & Technology (R&T) headquarters in Winterthur, Switzerland we are looking for a

Team Leader Functional Substrates and New Applications

Switzerland – Winterthur – 100%

Your responsibilities

- Manage and develop a team of technical experts to provide requested level of support to projects related to foams, plastics, elastomers and thermoplastic composites
- Ensure delivery of technical resources, provide leadership and direction on agreed R&T projects and act yourself as an engineering resource in some specific projects
- Actively participate in and potentially lead an Expert Network in your area of technical responsibility
- Cascade R&T performance targets to team members via Performance Management Process
- Keep abreast of technology developments relevant for Autoneum projects and overall strategic direction
- Monitor patent literature and act upon relevant patents
- Provide support to roll out R&T projects and trouble shooting activities

Your qualifications

- Master or PhD degree in composite engineering, materials science, chemistry or plastics technologies or equivalent experience in the field
- An organized individual with logical, hands on and practical approach
- Able to prioritize tasks and adapt to changing work demands
- Capable of leading innovation teams and developing talents
- Self-motivated individual with the ability to take initiative and work effectively both independently and as part of a team
- Interested to build and develop formal and informal networks in and outside the company
- Excellent verbal and written communication skills in English, German or French are an advantage

If you would like to work in a team and perform together with passion – than you are the right person for our company! We are looking forward to receiving your application (incl. motivation letter, CV, working certificates and diplomas)
